

CHARDONNAY

CRAI NOU

DOC DEALU MARE

SITUATION

The vines of the DEALU MARE (which in Romanian means "great hill slope") are the most famous and renowned vine growing area in Romania. It is 60 kilometers long on hillsides which starts from the southeast of the Carpathian Mountains, enjoying the sun from early morning and a good sunlight all day long. After the rain, the vines being on a gentle slope the water drains easily and the wind always dries the grapes rapidly.

Famous for its red, the Dealu Mare also produces on its chalkier soils, whites of high quality.

PRODUCTION & CERTIFICATION BIO

Our Estate of 40 hectares includes only 3 hectares de Chardonnay. The production of this noble grape variety never exceeds 20 000 bottles per year.

Our Chardonnay grapes are grown in compliance with the rules of organic farming, following the rythm of the lunar cycles. They are certified organic by Ecocert (EC Regulation 2092 / 9).

Today, we vinify our Chardonnay in stainless steel tanks to keep all the freshness.

TASTING & GASTRONOMIE

Our Chardonnay is a supple and fruity wine which displays beautiful aromas of flowers and fruits. It is flattering, with a good balance between acidity and roundness.

It pairs harmoniously with cold cuts and will be perfect with fish, grilled or in sauce. Finally, it may also be enjoyed in front of the television with some snacks.

STORY

This Chardonnay is the result of the dream of a Burgundian specialist and a Romanian engineer.

They were both convinced that the Dealu Mare was one of the few wine regions that could produce remarkable Chardonnay able to compete with the best Chardonnays in the world.
